BEHRAMM UMRIGAR

Cybersecurity Intern | B.Tech CS Student - NMIMS MPSTME

behramm.umrigar200@nmims.edu.in | 7900075790 | Mumbai, India

Summary

Cybersecurity-focused Computer Science student with hands-on experience building secure systems in Python and web technologies. Skilled in encryption, data privacy, and application security. Recently interned at LICMF Asset Management, and actively pursuing roles in cybersecurity engineering and threat detection.

Education

B.Tech in Computer Science - NMIMS MPSTME, Mumbai

Expected Graduation: June 2027

Experience

IT Intern - LICMF Asset Management (May 2025 - July 2025)
- Supporting IT operations, system monitoring, and automation initiatives.
- Collaborating with teams on internal tools and reporting dashboards..

Joint Secretary - IEEE MPSTME (Jan 2025 - Present)
- Coordinated 5+ technical events and workshops with over 150+ attendees.
- Led initiatives for technical upskilling and peer engagement.

Technical Head - IET MPSTME (Sep 2023 - Aug 2024)
- Organized robotics and technical events for hands-on learning.
- Supported faculty-student collaboration on project-based learning.

Projects

Secure Password Manager (Python, Tkinter, Fernet)
- Local encrypted password manager with GUI and secure key handling.

Movie Ticket Booking System (AngularJS, Supabase)
- Web app with real-time seat selection, booking flow, and PDF ticket generation.

Secure Online Wallet (HTML, CSS, Python)
- Wallet with user authentication, intrusion protection, and encrypted transactions.

Skills

- Languages: Python, C++, SQL, HTML, CSS, Node.js
- Concepts: Cybersecurity fundamentals, data privacy, security awareness

Certificates

- Google Cybersecurity Specialization (Coursera)
- Cisco Cybersecurity Analyst (Networking Academy)
- Career Essentials in Cybersecurity (Microsoft & LinkedIn)
- Cybersecurity Foundations (Infosec)
- Cybersecurity Job Simulation (Mastercard Forage)
